Sir:

Supplemental to the Information Disclosure Statement mailed October 30, 2002 in the
above captioned application, applicants herewith further cite the prior art cited on the enclosed
Forms PTO/SB/08A and 08B which may be material to the patentability of the application.

Copies of the prior art identified in the enclosed Form PTO/SB/08A are enclosed.

The prior art was cited by the British Patent Office and in the PCT Search Report in the
corresponding British and PCT priority applications.

The PCT Search Report, the PCT Preliminary Examination Report, the United Kingdom
Combined Search and Examination Report and two additional United Kingdom Examination
Reports are also cited in the Form PTO/SB/08B and copies are enclosed.

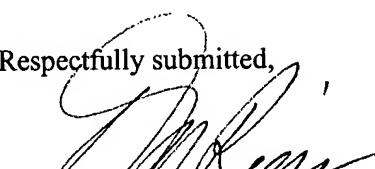

In accordance with MPEP §§609 and 707.05(b) it is requested that each document cited be given thorough consideration, and that it be cited of record in the prosecution history of the present application and the patent to issue on the present application by initialing on the Forms PTO/SB/08A and 08B.

The present Information Disclosure Statement is being submitted in compliance with 37 CFR 1.56 as an Examiner might consider any cited document important in deciding whether to allow the application to issue as a patent, but the citation of any document herein is not to be construed as an admission that such document is necessarily relevant or prior art. Moreover, no representation is intended that any cited document represents the results of a complete search or that the Examiner in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104(a), and in the course of such search will review for relevance every document cited on the attached Forms PTO/SB/08A and 08B even if not initialed.

Early examination and allowance are solicited.
